E205XT04

Brand: Maestro
Product Code: E205XT04
Availability: In Stock
Weight: 90.00g
Dimensions: 80.00mm x 60.00mm x 25.00mm
Call for Price: 1-514-697-2327

Short Description

With high-speed cellular (3G and beyond), wired WAN, LAN and Wi-Fi connectivity, the E200 is a highly versatile, reliable and rugged router designed for mission-critical enterprise applications requiring faultless connectivity.

Description

The E200 comes in two models; the cost-effective HSDPA ensures always-on connectivity for 2G migration or low-latency applications such as energy and sales & payment, while the HSPA+ 4-band is ideal for deployment in vertical markets requiring high-speed or global roaming such as security and transportation.
