

## R50

**Brand:** Raveon  
**Product Code:** R50  
**Availability:** In Stock  
**Weight:** 3.50oz  
**Dimensions:** 90.00mm x 51.00mm x 0.00mm  
**Call for Price:** 1-514-697-2327

### Short Description

**Raveon**

**\*\*\*Coming Soon\*\*\***

The RV-R50 Skyline Base Station is a fully contained wireless hub for use with Raveon's M50 series radio modems and GPS transponders.

### Description

The RV-R50 Skyline Base Station is a fully contained wireless hub for use with Raveon's M50 series radio modems and GPS transponders. It uses either LoRa or DART WAN protocols to communicate with 1 to millions of Wireless Devices (WDs). Its powerful Intel motherboard enables R50's on the same system automatically mesh together to form as large of a network as desired.
